

Adventure Day Camp Logistics

Camp-Out Logistics (Please read in-full)

FOR DROP OFF/ OVERVIEW

Please have your child pack a small bag with the items listed in the “Adventure Day Camp Packing List, Directions”. Bring all their belongings for the day and for the overnight to our normal drop-off spot. We will be sleeping under the stars on big tarps. Our staff will provide the tarps. There is running water (not potable) and flush toilets at the campsite. We will bring huge coolers of water for drinking and there are water fountains at the center of camp. If there is enough space parents will be allowed to join. If you are a parent joining us you are welcome to bring your own tent and camping gear. We ask that you set up and take it all down. You will lose cell phone and GPS reception on the drive to camp. Please do not count on these technologies to get you here. Have printed directions available. If you plug in the GPS before you begin your trip it should guide you to camp, but having printed directions is the safe way to go.

FOR THE DAY

To horseback ride your child must wear long pants, however if they would like to change into shorts after they are welcome to bring a change of clothes in their backpack. Please pack sunscreen and a hat; the rock wall is in a very open part of camp and exposed to lots of light. Sneakers are required for all Jones Gulch camp activities (horseback riding, archery, rock wall).

Please pack lots of water (in a water bottle that is refillable), 2 snacks and lunch. We are planning on having the kids take a snack break after we finish all our activities, before we walk down to the campsite. The more food the better on Thursday!

FOR THE EVENING

After our camp activities we will hike/shuttle the kids who are doing the campout to the campground. The kids will have some time for free play. We will provide dinner. We will also have all the s'more fixings as well as the breakfast food for the morning (i.e. cereal, yogurt, milk, fruit, granola bars).

Kids who are not doing the campout will not horseback ride. On Friday, kids who are not camping out will take the bus back from Jones Gulch to campus and arrive at 5:45pm.
