How to get to the campsite on your own

If you are feeling confident in your ability to follow hiking trails join us any time after 5:00PM. Once you have parked your car in the lower parking lot, cross the street and walk down the path following the signage. Walk down the hill, if dark you will need a flashlight. There will be a sign for the LOWER OUTPOST. Follow that sign to the left. The walk is no more than 7 minutes.
